常州市武进金球焊割机械有限公司

CHANGZHOU WUJIN GOLDEN GLOBE WELDING AND CUTTING MACHINERY CO.,LTD

Company Profile

Changzhou Wujin Golden Globe Welding & Cutting Machinery Co., is a manufacturer who is engaged in the field of welding tools and accessories, is an export oriented modern enterprise. It is located in the southernmost of the Qingyang Road elevated, Gehu Road Exit, cover an area of 7000 square meters, construction area of 16000 square meters., it is only 30 kilometers from Changzhou airport. The company lies in the heart of the Yangtze River delta, you can arrive directly to our company by Jinghu, Huning, Yanjing, Ninghang high way, from Shanghai Hnagzhou, Nnaging is about 2 hours by car, the traffic is very convenient.

Our company products have obtained CE Certificate, setting many years of development experience, producing according to the EN68764-7:2005 Standard, also in strict accordance with the requirement of GB/T15579.7-2005, producing "GOLDEN GLOBE" series CCC products: MIG/MAG welding torches and accessories, TIG torches and accessories, Plasma cutting torches and accessories, copper earth clamp, cable joint, electrode holder and other welding and cutting parts. Products suit for brand all over the world, such as TWECO, BERNARD, LINCOLN, MILLER, TREGAKISS, FRONIUS, BINZEL, ESAB, KEMPPi, TRAFIMET, SAF, TBI, OTC, PANASONIC, WELDCRAFT, CEBORA, HYPER THERM etc. Also are sold popularly to electrical hardware supermarket and specialized dealers in more than 30 countries and regions, such as North America, Europe, Australia, Middle East, Southeast Asia, etc.

By right of enterprise spirit of "Science and Technology Innovation", keep improving the products quality, steps into market with new products and excellent service, Gravity shaping "KINGQ" Trademark. Together with all our friends, achieving common development, hand in hand.

COMPANY PHILOSOPHY

GOLDEN GLOBE BRAND is from year 1988 , an old Brand with sustainable innovation ability !

CEO GREEN CHEN with profound professional technical skills , leading the technical team ,focus on the development of high quality products .

EXPLORE

INNOVATE

Thinking about all customers requirement , to meet with customers by building and managing a world class product range ,after more than one year effort , our new torch technology is been done , it will be matched by a total commitment to individual customer service and a willingness to forge a new business partnership.

Blight spot technique : Soft grips to keep it where its needed , Before welding , 4 way control modules, 2 for adjusting wire feed rate, 2 for adjusting welding current , also can do real-time adjustment durning the welding process.

BREAKTHROUGH

CREATE THE FUTURE

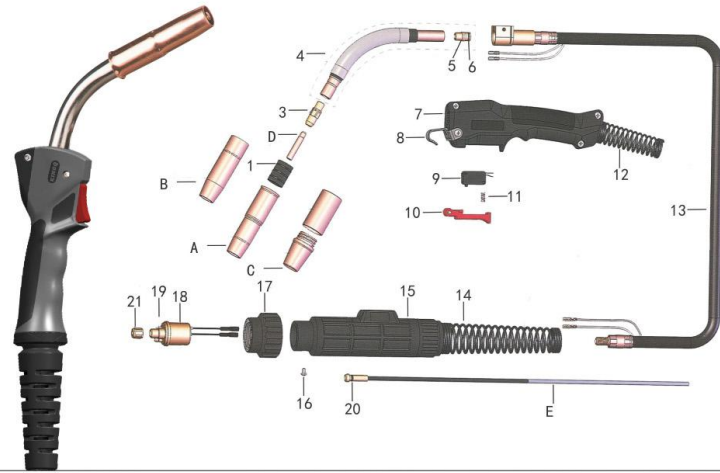

SUPPLY DIFFERENT COLOUR HANDLE , MEET YOUR EXISTING PRODUCT COLOUR , DO OEM FOR YOU TO PROMOTE YOUR BRAND !
